V. AGRICULTURAL OPERATIONS

The Southwest Monsoon arrived in the State of Telangana on **26th May 2025** and covered the entire state by **28th May 2025**, which is **15 days earlier** than the normal onset date of **10th June**. With the early arrival of the monsoon, many farmers who had already prepared their fields initiated sowing of crops such as **Cotton, Pulses, Cereals & Millets**, and others.

However, **rainfall received in the month of June so far has been below normal**, resulting in **lower-than-expected crop coverage** across various crops. In response, the Agriculture Department has taken **concrete measures to ensure timely availability of all types of seeds** at the disposal of the farmers to mitigate the impact and support continued sowing activities.
