The paddy crop is in tillering to panicle initiation stage. All the other Kharif crops are from vegetative to re-productive stage. Intercultivation operations and plant protection operations in all the crops is being taken up. Harvesting of blackgram and maize is in progress. Land preparation for early Rabi groundnut sowings just started in Wanaparthy and Gadwal districts. In view of the recent rains in the state the rainfed crops which were under moisture stress are recovering as reported by the field level officials.
